Nous attachons particulièrement votre attention sur les délais de livraison. A savoir que toutes les commandes sont traitées le jour même ou nous les recevons que se soit par courrier, téléphone ou internet. Si par exemple votre commande ne vous est pas parvenue dans un délai de 5 jours ouvrés (France uniquement), manifestez-vous le plus rapidement possible car nous pouvons suivre vos colis sur le net et connaître la raison de ce délai. (90% des retards sont dû à l'absence du réceptionniste et malheureusement les facteurs ou livreurs mettent systématiquement les colis en instance sans avis de passage au bureau de poste dont vous dépendez).

We do care carefully of delay on delivery in EEC where we can control via internet the reason of the delay (scan sticker with your adress). All orders coming via mail, phone or internet are establish the same day we receive there. In generally for the entire EEC territories, the medium delay on delivery is about 7 open days, so in case your order take too long to be deliver, do not essitate to ring us, we will be able to give you the reason of such delay. (90% of such delay are due that the receptionist is not available at the time of the delivery and the parcel goes back to the post office mainly without an advice paper).

For the rest of the world the delay is in between 15 to 25 open days, but we cannot follow the parcel. we can do a tracer via mail for parcel over 2 Kg. Under you should take a registered parcel.

Get all infos, new signing, concert dates, additional list, etc...via email.
